Next Club Meeting Time and Place

Time and place – 10:00 AM **Sunday, April 18**, at the field.

Or at Wings restaurant in the airport terminal if the weather is bad.

Mike Massey visits brother Brian

He came down with his planes and we got to fly 4 days straight. I could see a lot of progress in his flying and was happy for him. But on the last day he completed a vertical 7 & 1/2 maneuver. The damage looked worse than it is; he should have the nose back on in a few weeks. The plane is his just completed "Plane Simple"; which seemed to fly very well. After I flew it once I told him not to crash it, it was too good. Brian Massey
