THE WOLF CALL

May / June 2015

ACADEMY OF MODEL AERONAUTICS
CHARTER CLUB #3464

Ye Olde Editor: Mike Hazel

Upcoming Local Events:

June 27 & 28 Salem Speed & Combat

July 5 NW Fireballs Fun Fly

The "WOLF CALL" is the newsletter for the Western Oregon Control Line Flyers. "WOLF" members fly at the Bill Riegel Model Airpark facility at the Salem Airport.

WOLF membership is not required to utilize the facility, but fliers should be A.M.A. members. If you are not a WOLF club member, please consider joining us to help support control line model aviation activity in our area!

WOLF 2015 CLUB OFFICERS:

President: Craig Bartlett

Vice-President: Dean Singleton

Secretary-Treasurer: Mike Hazel

Safety Officer: John Thompson

Newsletter: Mike Hazel

Miscellaneous Ramblings from Ye Olde Editor

Greetings All! This rag is a bit late in coming, been pretty busy with contest stuff and work on the ranch, sorry 'bout that.

It's been a great flying season so far..... The Fireballs put on a great meet in April. Roseburg saw the return of the NW Regionals to the airport down there. It was a good success and looks like we will do it again next year. Nearly all of the WOLF membership was there during the Memorial day weekend event.

On June 6th WOLF hosted its' own Lucky Hand Fun Fly. We had a good turnout with 16 pilots buying in for a chance of winning the jackpot. Lucky Dave Shrum from Roseburg had the best hand and took 80 bucks home with him. Fellow Roseburger Bob Lewis picked up a nice stunt plane kit. And WOLF member Alice Cotton-Royer came in third and chose a big Dremel accessory kit out of the prize selection. Ya should been there if you weren't!

As always, you can go to flyinglines.org for a full report on these events, along with some great photos.

Did you notice in the recent issue of *Model Aviation* the much higher than usual control line content???? It was a nice change from the usual tripe. Our A.M.A. publication is now closely resembling what the typical RC magazine looked like several years ago, except there is more rtf/foamie toy stuff than ever. Also interesting to see now are the basic building articles, designed for those who have never built anything. "This is called balsa, and this is a X-acto knife you use to cut it.....Next month we will talk about how to glue balsa pieces together!....."

Thought of the month.....

How come abbreviated is such a long word?
